

Tuition 2025-2026

August 19, 2025 – June 5, 2026

Monthly Rate

- Tuition is computed over a 9¼ months (38 weeks) academic school year period. Tuition for August and September are combined. Tuition for June is billed at ¼ month's tuition. Tuition is divided into monthly installments for ease of payment. All scheduled holidays and school breaks have been factored in and deducted from the monthly tuition amount. Tuition is based on the child's enrollment contract in the program and not on his/her attendance. Due to fixed operational costs, GPA cannot offer tuition credits for absences due to illness or personal leave.
- Tuition is due on the 1st of every month. Payments received after the 5th of the month will incur a \$25 late fee.
- Special discounts: *10% sibling discount.*
- \$100 Referral Bonus
